

**DUGAN
FOUNDATION**

Dugan Foundation Thanks Its Strategic Partners

It has been said that it, “takes a village to raise a child”. We believe it takes a village to raise and develop a public, non-profit business as well. Our village is Tacoma/Pierce County. One very important component of our village are our Strategic Partners, individuals and businesses alike that have been the wind under our wings all along.

To our Partners: The Dugan Foundation is extremely grateful and appreciative of your past and continued support and hope that you will always consider us as part of your community philanthropy. We will certainly always work to be worthy of such kindness and consideration. Thank you for all you do everyday and for what you do to enable the Foundation to do it’s work in this community.

Throughout the year we will give thanks to those that make what we do possible. The list below is not a complete list, rather simply the first list. The individuals and businesses are listed in alphabetical order. Their contributions vary and include both cash and gift-in-kind donations. Their contributions save lives every day. Their commitment to building a better tomorrow for our “village” is priceless. Please join us as we recognize and thank the following:
